INFORMATION DISCLOSURE STATEMENT
PURSUANT TO 37 CFR §§ 1.97 AND 1.98

Dear Sir:

Applicants submit herewith a list of patents and publications, and copies thereof as required by 37 CFR § 1.98, which Applicants believe the Examiner may consider to be material to the patentability of claims of this application and for which there may be a duty to disclose in accordance with 37 CFR § 1.56.

While the patents and publications disclosed herein may be "material" within the meaning of 37 CFR § 1.56, Applicants' inclusion thereof in this Statement is not intended to constitute an admission that any such patent or publication is "prior art" for this invention unless specifically designated as such.

In accordance with 37 CFR § 1.97 (g) and (h), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that the information cited is material to patentability as defined in 37 CFR § 1.56(b).

Applicants believe that the claims in the present application are patently distinguishable over the patents and publications listed on the attached Information Disclosure Citation Form.

This Information Disclosure Statement is being filed before the first Office Action on the merits of this application and accordingly, pursuant to 37 CFR § 1.97 (b)(3), this statement requires neither a fee nor a certification.

Dated

1/13/2000

Respectfully submitted,
